- **MDT665 cradle accessory**
- **Waterproof connector**
- **Rugged installation**
- **Compact integration**

The CRD665-CAB is a cradle accessory for the Topicon MDT665 and is designed for rugged installations with a waterproof connector. It is well suited to applications where a durable connection and clean integration are important.

Its compact design allows easy integration into vehicle or workplace installations. The waterproof connector supports use in demanding environments.

A suitable addition for professional MDT665 deployments.

Compatible with: Topicon MDT665, Topicon MDT680
