49.95 EUR

incl. 19% VAT, plus shipping

- **Full-featured cradle cable set**
- **2x RS232 and RS485**
- **4x GPIO**
- **Video input**

The CAB-MB-FULL+CAB-EX-FULL set is a full-featured cradle cable solution for MDT880 docking systems. It supports 2x RS232, 1x RS485, 4x GPIO and video input. Because of the thicker cable design, the use of a metal lock is recommended.

It is intended for full-featured vehicle integrations with extensive wired I/O requirements.

Compatible with: Topicon MDT880, Topicon MDT865, Topicon MDT1065, Topicon MDT1080
