- **10-inch Rugged Android Tablet**
- **IP67 Protection**
- **4G LTE, Wi-Fi and GNSS**
- **Vehicle and Docked Use**

The MDT1065 is a 10-inch rugged Android tablet built for professional mobility across vehicle, field and fixed-site applications. It combines a MediaTek octa-core processor, 4 GB LPDDR4X memory, 64 GB eMMC storage, 4G LTE, Wi-Fi, Bluetooth and GNSS connectivity in a durable industrial design.

With its 1920 x 1200 anti-glare display, Android 14 support, IP67 protection, 7600 mAh battery and flexible 2-in-1 cradle concept, the MDT1065 is ideal as an in-vehicle terminal or docked workstation. Optional accessories such as barcode, LoRa, serial and CAN-related extensions further expand its application range.
