- **2-in-1 Vehicle & Desk Cradle**
- **RJ45 Ethernet and 2x USB-A**
- **9-36 V Vehicle Power Input**
- **Ignition-Controlled Charging**

The CRD865 is the fully featured 2-in-1 cradle for the rugged 8-inch tablet Topicon MDT865. It serves as a vehicle mount and as a docking station at the workplace.

The back offers an RJ45 Ethernet port, two USB-A 2.0 sockets (OTG) and a USB-C port for charging (5 V/3 A, 9 V/2 A, 12 V/2 A). A switch in the cradle selects whether charging is always on or only with the ignition on.

The cradle cable at the bottom connects the cradle to the vehicle power (9 to 36 V, ignition). Depending on the cable set, up to 2x RS232, 1x RS485, 4x GPIO and one camera input are available. The cable set is not included.

Compatible with: Topicon MDT865
